On the Cover

The Iowa State University graduates on the cover are just a few of our alumni who have been making national headlines during the past year. They have used their education to assume the mantle of leadership in all aspects of society and corners of the world. We congratulate them and the thousands of other Iowa State alumni who are contributing their knowledge to better the world in which we live.

Ted Kooser – Poet and essayist; professor of English, University of Nebraska-Lincoln; former vice president, Lincoln Benefit Life Company

Isaiah "Ike" Harris – President, Advertising and Publishing Group, BellSouth Corporation, Atlanta, Georgia; recognized for his executive leadership in making significant business contributions to his company

Lloyd Lee Anderson – Charles F. Curtiss Distinguished Professor in Agriculture, Iowa State University; internationally recognized for neuroendocrine regulation of growth and reproduction in farm animals

Michael Nettles –Vice president of the Policy Evaluation and Research Center, Educational Testing Service, Princeton, New Jersey; a national authority on improving educational assessment and student performance

Bruce Roth – Vice president of chemistry, Pfizer Inc., Ann Arbor, Michigan; inventor of Lipitor (atorvastatin – cholesterol reducer), largest selling drug in pharmaceutical history

Stanley Howe – Chairman emeritus, HNI Corporation, Muscatine, Iowa; built HON Industries into the nation's second largest office furniture manufacturer

Robert Bartley – Editor emeritus, *Wall Street Journal*, New York; one of the nation's most influential journalists in American history (deceased)

Kate Schwennsen – Associate dean and associate professor of architecture, College of Design, Iowa State University; nationally recognized for her leadership in the advancement of the profession of architecture

Joyce Pittman – Professor of curriculum instructional technology, University of Cincinnati; nationally recognized for improving teaching practices and student achievement through the use of technology

Cael Sanderson – Assistant wrestling coach, Iowa State University; Olympic Gold medalist, two-time Smith Award winner, nation's only undefeated college wrestler and holder of four NCAA wrestling titles

"Iowa State University does not discriminate on the basis of race, color, age, religion, national origin, sexual orientation, gender identity, sex, marital status, disability, or status as a U.S. veteran. Inquiries can be directed to the Director of Equal Opportunity and Diversity, 3680 Beardshear Hall, (515) 294-7612."

Information Technology Security Incidents

If an IT security incident is suspected, immediate action should be taken to isolate the problem from the campus network. Powering-down the computer or disconnecting it from the campus network will stop any potentially threatening activity.

Contact your local or designated IT support professional.

If the incident has potentially serious consequence and requires immediate attention, contact the IT Security Response Team at 4-3221.

For more information, see the IT Security Incident Reporting Policy at http://policy.iastate.edu/it/incident/.

Student Billing

Each month you will receive a statement on-line detailing charges and long distance calls. (One resident in each Schilletter and University Village apartment is billed for basic service.) The total will appear on your Accounts Receivable Statement, along with any other university charges for that month. This information is available at http://accessplus.iastate.edu/.

Charges must be paid monthly to avoid loss of service and incurring a $10.00 (non-refundable) reactivation charge.

Contact Information Technology Services, 195 Durham Center, 294-4000, if your code is lost or stolen!

You are responsible for all calls placed using your authorization code. Do not give this information to anyone!

NOTE: FRAUDULENT BILLING CAN LEAD TO PROSECUTION - It is illegal for a person to charge long distance calls to another person's calling card or authorization code without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or fine.

Data Network Information

The Iowa State data network serves all campus buildings including Residence Halls and Schilletter and University Village. Users can access on-campus resources such as the Library, and college/department servers. High bandwidth Internet connectivity is also provided. Remote access services are available to the off-campus community utilizing PPP and VPN secure login to support applications such as telnet and web browsing.

Connecting to the Campus Network from the Residence Halls

Ethernet connections are active in all residence hall rooms and Frederiksen Court apartments.

To use Ethernet, you will need:
Ethernet Card (unless your computer has a built-in Ethernet connector). Ethernet cards and cords are available in Computer Sales, 191 Durham Center, or through computer dealers.

Assistance with configuring network settings is available through the Solution Center, 195 Durham Center, 294-4000. Several software applications, such as anti-virus software, are available to you at no charge. A list of site licensed software is available at *http://www.it.iastate.edu/downloads*. Some functions (Telnet and FTP) may be new to you, but you'll find them quite useful.

Connecting to the Campus Network from Schilletter and University Village

DSL service is available in each Schilletter and University Village apartment. DSL is an always-on 20Mbps network connection. DSL uses the existing telephone wiring. It provides a connection directly to the campus LAN with full access to the Internet.

To use DSL, you will need the following:
Ethernet Card and Cable (unless your computer has a built-in Ethernet connector). Ethernet cards and cables are available in Computer Sales, 191 Durham Center, or through computer dealers. Items purchased through Computer Sales can be charged to your university account.

The SNAP Team is available for computer support and assistance. An assistant can visit your university apartment to install an Ethernet card and configure the network settings. The team also maintains a drop-off service in the Solution Center, 195 Durham Center. There is no charge for most standard services. Several software applications, such as anti-virus software, are available to you at no charge. A list of site licensed software is available at *http://www.it.iastate.edu/downloads*.

NOTE

Lightning may damage equipment connected to a power source or a communications jack. Information Technology Services is not liable for damage caused by electrical storms. Surge protectors will not guarantee protection. We recommend that you disconnect both the power cord and communications cable during electrical storms.

Connecting to the Campus Network from Wireless

Wireless networking is a method of connecting a computer to the network using radio signals. There are two primary components involved in a wireless network: an access point and a wireless access card. The wireless access cards are similar to Ethernet cards, but with a built-in radio that communicates with the access points. They are most useful in mobile devices such as laptops and PDAs. The access point connects users to the campus network. It then transmits and receives radio signals in its immediate area to communicate with wireless access cards.

Visit Information Technology Services Web site, *http://www.it.iastate.edu* for an updated wireless map as well as locations listed by building and room.
Information Technology Services will continue to expand the wireless network on campus in public areas and classrooms. Please check the Web site frequently for updates.

Contact the Solution Center for wireless assistance and support by telephone at 515-294-4000, by e-mail at *solution@iastate.edu,* or in person in 195 Durham Center, 8:00 a.m. to 5:00 p.m., Monday through Friday. On the Web, look for us at *http://www.it.iastate.edu/help/*.

PPP: Connecting to ISU from Off-Campus

Access to the campus computers and the Internet from your home computer is available through ISU PPP service.

To Establish PPP Service:

1. Open Web browser to: *https://asw.iastate.edu/cgi-bin/acropolis/request/pppaccess*
2. Enter your Network-ID and password
3. Click on "Login"
4. Read the information about the services, click "Next"
5. Make sure "Activate" is selected and click the "Make PPP Request" button
6. Logout using the "Logout" button

You will receive a confirmation email when your PPP service has been activated.

PPP Configuration and software
Documentation for configuring ISU PPP on your computer is available at: *http://www.it.iastate.edu/pub/*.

Handouts and personalized assistance are available from the Solution Center, 195 Durham, 515-294-4000.

Virtual Private Network (VPN)

A Virtual Private Network (VPN) provides authorized users secure access to the Iowa State University network when connecting from home or through another unsecured network (such as wireless). Because so many security threats to campus computer resources come in through the Internet connection, the University has blocked some services at the campus border. These services include Microsoft file and print sharing, Outlook/Exchange clients, and various connections known to be viruses/worms.

When using the VPN server, all services are available as if the user was directly on campus.

Those who are browsing the ISU web site, checking WebMail, or using most telnet or FTP software programs will not need to use the VPN. But if a secure connection with no blocking is needed, the following link will provide information on installing and using the VPN: http://www.it.iastate.edu/pub/.

For more information, contact the Solution Center at 515-294-4000 or solution@iastate.edu.

The Solution Center

Do you have a question about computing at Iowa State? The Solution Center has an answer. We specialize in answers about getting connected to the network at ISU, which can be anything from requesting PPP service to getting help with site-licensed software and virus protection. The Solution Center also assists with e-mail and passwords. The Solution Center offers handouts and advice if you want to set up your computer on your own, or you can make an appointment with the SNAP team.

Contact the Solution Center by telephone at 515-294-4000, by e-mail at *solution@iastate.edu*, or in person in 195 Durham Center. Hours are from 8 a.m. to 5 p.m., Monday through Friday. On the Web, look for us at *http://www.it.iastate.edu/help/*.

SNAP Team - *(Getting Connected)*

The Student Network Access Project (SNAP) is here to assist students who want to get connected to the campus network. An assistant can go to your on-campus residence to help install an Ethernet card in your computer, configure the card, and help load the networking software. The team also has a drop-off service in the Solution Center, 195 Durham Center. You may leave your machine with the SNAP team and have the setup done there. Off-campus students can also drop off machines to have the computer and modem set up to connect to the campus network through the PPP dial-up service.

SNAP is funded by your student computer fee so there is no charge for standard service. Contact the SNAP team by telephone at 515-294-4000.

Being involved is one the most important aspects of your college experience. It enables you to mature personally, socially, intellectually, and spiritually. Involvement enhances your opportunities for career development exposing you to various skills, which will help you when you graduate to find gainful employment. Giving your time and talents to an organization will not only help that group, it will make your college experience a valuable & enjoyable one.

If you are interested in one of the organizations listed in this section, go to the Student Activities Center online at http://www.sac.iastate.edu and click on GET INVOLVED. You will be given information about each organization and all of the various ways you can get involved in clubs, intramural sports, Spirit Squad, leadership opportunities, volunteer opportunities, and the many music ensembles we have at Iowa State University.

Instructions

Qualifications:

To register to vote in Iowa, you must:

- Be a citizen of the United States.
- Be a resident of Iowa.
- Be at least 17 ½ years old (you must be 18 to vote).
- Not have been convicted of a felony (or you must have had your rights restored).
- Not currently be judged by a court to be "incompetent to vote."
- Give up your right to vote in any other place.

Use this form to apply to register to vote or to make changes in your registration.

Filling out the form – Use a pen and print neatly.

Required: ID number, date of birth, sex, name, address and signature. If you do not include these, your registration will be rejected. Your name, birth date and ID number will be checked. If they don't match, your registration will be rejected and you will be notified by mail.

ID number: Iowa driver's license number (DL#) is required, if you have one. If not, put the number of your Iowa non-driver ID card. If you have neither of these, put the last 4 numbers of your social security number.

If your DL# is your social security number, you are required to give it. Social security, driver's license and ID numbers are not printed on voter registration lists sold to candidates and others. But those numbers may be on original records in county auditor's offices and open for public viewing. Iowa law (Sec. 48A.11) requires the state to ask for your DL# on this form.

Name: Put your name on the form the same way it is on your ID.

Address where you live: This is the address that is used to decide where you go to vote. If you do not have a street address, describe where you live in the box below your signature.

Read the form carefully before you sign it.

Tear off the Registration Form, fold it, tape it together and mail it to your county auditor. You must put a postage stamp on the form.

Within two weeks you should get a notice in the mail that your registration was received. If you don't, contact your county auditor.

Deadlines

10 days before a primary or general election and 11 days for all others. You may register after a deadline, but the registration will not be effective until after that election. A registration form postmarked at least 15 days before an election will be accepted for that election even if it is received after the deadline to register to vote. Registration is permanent. After you register, you do not have to register again unless you move.

Revised 7-04

Student Alphabetical Listings

Information in the student section of the university campus directory is taken from data supplied by the students to the university prior to September 9, 2005. Students who do not wish to have directory information published must file notice in the Office of the Registrar within the first 10 calendar days after the beginning of the fall semester. The university assumes that failure on the student's part to specifically request withholding directory information indicates the student's approval for the disclosure.

How would you feel if next semester's tuition, books and rent were already paid for?

This internship will make you rich... and you'll earn some money too.

University Directories, the Nation's Largest Publisher of Campus Telephone Directories, is seeking top-notch students to sell yellow page advertising for Universities across the Nation during the summer of 2006. This is a full-time, paid summer internship, open to freshmen, sophomores, juniors, seniors and graduate students who are not in summer school. Interns attend a week-long training seminar on the campus of The University of North Carolina at Chapel Hill. Transportation and accommodations will be provided during training. All interested students should call 1-800-743-5556 to find out when our recruiter will be interviewing on your campus. Visit our website at www.universitydirectories.com for more information about our program.

FRESHEST BREADS
My thick-sliced 7-grain whole wheat and authentic French breads are made from my own secret recipe using all-natural ingredients, then baked fresh right here in the store throughout the day, every day.

FINEST MEATS
I personally select the very best meats available. That means no pressed, formed, or filled meats on my sandwiches. Only juicy white turkey breast, choice roast beef, smoked Virginia ham, and real wood-smoked bacon.

FRESHEST VEGGIES
I use only the freshest, bestest veggies around. They're sliced daily in the store and never treated or bagged for use some other day. That means crisp, fresh lettuce, tomato, onion, sprouts, and cucumber.

BEST INGREDIENTS
The world's greatest gourmet sandwiches call for the world's greatest ingredients. So I only use real Hellmann's mayonnaise, Grey Poupon mustard, and my homemade red wine vinaigrette and chunky avocado spread.

GOURMET SUB SANDWICHES

On homemade fresh-baked French bread.

VETERINARY STUDENTS

FOCUS ON VETERINARY SCHOOL.
NOT PAYING FOR IT.

Through the Health Professionals Scholarship Program, the Army offers veterinary students 1-3 year scholarships that provide full tuition and then some. In addition, we provide a monthly stipend of over $1,100 and payment of most academic fees. All of this allows you to focus on your education, instead of the bills.

To fine out more, or to speak to an Army Health Care Recruiter, call 800-792-2524 or visit healthcare.goarmy.com/hct/53

FRESHEST BREADS
My thick-sliced 7-grain whole wheat and authentic French breads are made from my own secret recipe using all-natural ingredients, then baked fresh right here in the store throughout the day, every day.

FINEST MEATS
I personally select the very best meats available. That means no pressed, formed, or filled meats on my sandwiches. Only juicy white turkey breast, choice roast beef, smoked Virginia ham, and real wood-smoked bacon.

FRESHEST VEGGIES
I use only the freshest, bestest veggies around. They're sliced daily in the store and never treated or bagged for use some other day. That means crisp, fresh lettuce, tomato, onion, sprouts, and cucumber.

BEST INGREDIENTS
The world's greatest gourmet sandwiches call for the world's greatest ingredients. So I only use real Hellmann's mayonnaise, Grey Poupon mustard, and my homemade red wine vinaigrette and chunky avocado spread.
